EXPERIENCE

Pro Sport Development, Delhi (Web Designer Intern)

Oct 2025 – Present

- Designed and optimized website interfaces by implementing responsive layouts, improving navigation, and enhancing overall usability, resulting in a more engaging and user-friendly experience.
- Developed and customized web components using PHP, HTML, CSS, and JavaScript while collaborating on CMS management and performance testing to ensure seamless functionality and scalability.

Airports Authority of India , Delhi (Web Development Intern) [\[View Credentials\]](#)

Jun 2025 – Jul 2025

- Developed a full-stack Office-Task Management System using the MERN stack with role-based dashboards, JWT authentication, and real-time task tracking.
- Built RESTful APIs, optimized database queries, and utilized Git, Postman, and Agile practices.

Inland Waterways Authority of India , Noida (IT Intern) [\[View Credentials\]](#)

Jun 2024 – Jul 2024

- Assisted the I.T. team in monitoring network systems, updating database records, and maintaining digital platforms used for national inland waterways operations.
- Supported system administration tasks, basic network troubleshooting, and project data tracking, gaining hands-on exposure to government-scale IT infrastructure.

PROJECTS UNDERTAKEN

- **Office-Task Management System** [\[Demo-Video\]](#): Built a MERN stack task management system with JWT auth, role-based dashboards, real-time chat, and sub-task workflows, improving task resolution efficiency by 40%.
- **Blogify – by VM** [\[Demo Video\]](#): Full Stack AI Powered Blogging Web Application using MERN stack, Google Gemini and Imagekit API. It automates content generation, reducing blog creation time by 50% compared to manual writing.
- **Brain Tumor Detection using CNN** [\[GitHub\]](#): Developed a deep learning model to classify brain tumor images using CNN and applied Grad-CAM heatmaps to visualize important tumor regions, achieving 86.1% accuracy.

EXTRA-CURRICULAR & LEADERSHIP

- Served as Athletics Team Captain, leading 8+ athletes and organizing 3 inter-college sports events.
- Managed college cultural fest and coordinated 5+ major events with cross-functional teams.
- Core member of college cultural and tech clubs, contributing to planning and execution of various activities.
